SENATOR STAHMER: Mr. President and members of the body, this is the bill that came out of budget committee dealing with the sale of land at UNL to improve needs and we extracted \$250,000 from that for the aid of the faculty at the Agri-College campus and the Chair ruled that was perfectly legitimate so there is a cash fund that does exist from the sale of previous lands, \$183,000. The money is now sitting there it can't be used for anything else and this amendment would merely authorize the use of that cash money now sitting there for the purpose of equalizing the salaries, differences, if any, between UNO and UNL. I move the bill be returned to Select File for that following amendment. For that specific amendment.

PRESIDENT: Is there any further discussion? Alright, Senator Richard Lewis?

SENATOR RICHARD LEWIS: Well Mr. Speaker and members of the Legislature. This was my bill, this bill was worded very carefully. I was very specific in the uses of this money and I wanted everyone to agree to it before I even took the bill. I would object to this type of a procedure.

PRESIDENT: Alright, the next to speak is Senator Nore and then Senator DeCamp.

SENATOR NORE: Mr. President, and members, again I dislike opposing my good friend Senator Stahmer, but I think that we voted unanimously to pass this bill out the way it is. We thought it was good, it is going to be used for experimental purposes and the equipment in the process of experiment over at Mead and I think that it should be left that way.

PRESIDENT: Senator DeCamp?

SENATOR DECAMP: Mr. President, I move that we adjourn because I think that we have gone just about as far as we can go.

PRESIDENT: The motion before us is to adjourn. Do we have other information on the desk that has to be handled in order to adjourn? Alright, the motion is to adjourn, if you favor adjournment vote aye, if not vote no. The motion is to adjourn, the simple majority is required. The motion is to adjourn, have you all voted? Motion is to adjourn, once again have you all voted. Senator DeCamp?

SENATOR DECAMP: I certainly wouldn't want to adjourn if we had anything that has to be taken care of. Does Vince have any information on that. It was my understanding that.

PRESIDENT: I gave him a quick question and he seemed to indicate that we might be alright.

CLERK: I have nothing to report in, if that is your question. Anything that hasn't come back is dead for the year. I can assure you of that.

PRESIDENT: The motion is to adjourn. Alright are you all through voting? Clerk will record.

CLERK: 20 ayes, 20 nays.

PRESIDENT: O.K. the motion has lost.

CLERK: Mr. President the motion is still pending to return LB938 to Select File for a specific amendment.

PRESIDENT: Senator Barnett, excuse me, Senator Stahmers light was on first Senator Barnett.

SENATOR STAHMER: Mr. President and members of the body, I would like to explain again to my good friend Senator Lewis and it was I who made
